Tri-County Chamber of Commerce Your Gateway to Rural Oregon

Our mission is to promote the economic growth of the communities in Junction City, Harrisburg, and Monroe.

Our communities are located about 25 minutes between Eugene and Corvallis, making them ideal for raising a family in a small-town environment while being close to two universities and all that Oregon has to explore.

Each community is within a 5 to 10-minute drive of the others and shares a common market area, yet each retains its own distinctive advantages and personality.

Our Chamber assists visitors, residents, and those relocating here with information on local goods, services, and opportunities. Contact us to find what you are looking for locally, and we'll do our best to help you. That's what our Chamber is about!
